

# Fourth Annual Renewable Energy Conference

September 19<sup>th</sup>, 2014, 8.30 AM – 4.00 PM  
Mockingbird room, Reng Student Union, Arkansas State University  
Jonesboro, AR

## Conference overview

This conference will feature invited speakers from industry, research, outreach, and education communities in the emerging areas of renewable energy, energy policy, energy conservation and efficiency. Experts will provide an overview of current efforts and challenges in various areas of renewable energy. This conference also provides an opportunity for researchers in different sectors of renewable energy to present their work.

## Registration

The event is free, but registration is required to reserve your space and lunch.

**Registration deadline September 12<sup>th</sup>, 2014!!**

For registration visit <http://www.astate.edu/college/agriculture-and-technology/outreach-programs/renewable-energy/>

## Call for papers and posters

Papers are solicited within the broad scope of renewable energy and energy efficiency. Subject areas of interest include biomass feed stocks and biofuels, conversion and processing methods for bio-based products, materials and methods for harnessing solar energy, solar photovoltaics, nanomaterials in energy applications, hydrogen production, advances and applications of wind energy, energy conservation and efficiency, energy transmission and distribution, and energy economics.

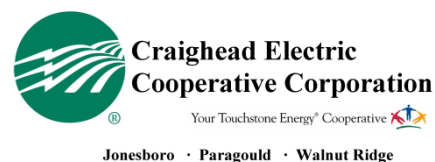

## Submitting Papers & Posters

If you plan to present a paper or poster, please submit an abstract of 100-200 words via e-mail to [rsharma@astate.edu](mailto:rsharma@astate.edu) by September 12th, 2014. In the header of the abstract include the name, affiliation, and e-mail address of each presenter and the title of the paper. The presenters must register by the registration deadline.

**Deadline: Abstracts must be received by 5.00 PM CST on September 12th, 2014**

**Sponsored by the College of Agriculture and Technology, Arkansas State University**

Co-sponsored by:
